FOR IMMEDIATE RELEASE

SCIL OFFERS MEDIAVET DIGITAL DENTAL IMAGING

Digital imaging for the dental professionals

Chicago, Illinois, January 24, 2012 — scil animal care company, inc., a global organization focused on providing high quality veterinary diagnostic, surgical and radiography products is proud to announce MediaVet Digital Dental Imaging, brought to you by the makers of CADI, the worlds' finest digital imaging systems for dentists.

MediaVet is a state of the art intra-oral dental x-ray sensor with USB connectivity and drive electronics. This easy to install x-ray sensor delivers 4096 gray levels through 12 bit image digitalization for high quality images. Some of the key features and benefits include; Advanced algorithms and filters that allow for industry leading image quality, Automated image acquisition directly into biological mounts, Full 16 bit x-ray viewer, DICOM formatted images, Durable reinforced sensor with shock resistant construction and Kevlar reinforced cable, Lower radiation for your patients and staff, and Direct USB connection with no external power and no data box.

scil is proud to offer this new state of the art product that will provide veterinary dentistry, with the highest diagnostic quality while delivering a solid software platform that is easy to use and loaded with features that the veterinary dental professional needs. To learn more about this product and other state-of-art products that scil offers, please visit our website at www.scilvet.com or contact scil toll free at 877-724-5838.

-More-
