

To uninstall the LAD software from your computer, please follow these steps:

1. **Close** the **LAD** program
2. Choose "**Start - Settings - Control Panel**"
3. Double-click on "**Add or Remove Programs**"
4. Select "**LAD - Laboratory and Diagnostics**" and choose "**Remove**"
5. **Delete** the folder **c:\scil_lad** (using windows explorer)

If you want to re-install the software, you have to follow the above mentioned steps, too. Otherwise the new installation will cause error messages.
